Education

Utrecht University

09/2023-

Major: Methodology and Statistics for the Behavioral, Biomedical, and Social Sciences

Sichuan Agricultural University

09/2018-06/2022

Major: Bachelor of Economics in Finance (GPA: 4.08/5.00)

Major Courses: Econometric, Statistics, Advanced Mathematics B (1), Advanced Mathematics B (2), Probability Theory and Mathematical Statistics B, Linear Algebra, Microeconomics, Macroeconomics

Academical Experience

Pharmacological Study of Dexmedetomidine Analogs (Pharmacodynamic & Pharmacokinetic Research Project)

02/2021-11/2021

- ◆ Recorded and input the experimental data, including drug-efficacy time, duration, adverse effects, etc.
- ◆ Performed the normality and joint-hypotheses tests, based on the experimental data
- ◆ Compared the sedative-effect indicators, based on one-way ANOVA, and performed Tukey's test for multiple comparisons

Transmission Effects of Investor Sentiment and Monetary Policy on Agricultural Prices in China under Major Public Emergencies- Example of the COVID-19 Pandemic (National Social Science Foundation of China)

04/2020-05/2021

- ◆ Proposed a thesis concept and constructed a full-text framework; then formulated an empirical model (SV-TVP-VAR), channel variables, and specific measurement indicators
- ◆ Completed data cleaning by using Stata and EViews software, performing tasks such as de-duplication, de-polarization, and filling in missing values
- ◆ Analyzed the impact of agricultural prices on different channels/periods/varieties, and visualized the results for 10 agricultural products via 64 graphs
- ◆ Completed a paper ("The Transmission Effects of Investor Sentiment and Monetary Policy on Agricultural Prices in China Under Major Public Emergencies") as the lead author of the introductory, theoretical-analysis and empirical-analysis sections

Work Experience

Student Assistant, Utrecht University

12/2023-

- ◆ Assisted in compiling an inventory of social and behavioral data sources used during the COVID-19 pandemic
- ◆ Participated in reviewing and evaluating the quality, relevance, and accuracy of identified data sources

Data Analysis Intern, Shandong Huadi Real Estate Co., Ltd.

01/2022-04/2022

- ◆ Undertook data-platform core strategy implementation, data mining, classification, and aggregation of massive operational data
- ◆ Monitored and analyzed daily sales data to provide analyses of operational strategies, and suggestions

Additional Information

- ◆ **Languages:** Chinese (Native) and English (Fluent)
- ◆ **Software:** R, Stata, SPSS
